

TO WHOM IT MAY CONCERN

I would unhesitatingly recommend **IM SAFETY** team and services to our company risk assessment report (RA), and plan to engage you for our safety and health related subjects.

By applying Risk Assessment, we can see that the best option is to develop a Safety and Health culture within our premise.

It is worth much more for us to take our time and get our business more improving and developing.

This report provides us for finding hazards and additional control measures in implementation of our process. It also helps us to identify the source of risks and shall take all reasonably practicable steps to eliminate or mitigate any foreseeable risk to any person who may be affected by undertaking in our workplace.

We believe the RA report will add value to our business by helping to improve overall performance. Once again, we would like to thank you and your assistants for implementing Risk Management at our workplace.

Yours truly,

Mr. T. K. YONG
